Yukon-Waltz Communications, Inc.	Resale Interexchange Carrier	Southwestern Pennsylvania (predominantly service area of Yukon-Waltz Telephone Company)

The foregoing reflects all 10% or more derivative equity interests of the Applicants.

Upon the initial step of the consummation of the proposed transactions, the corporations under which the services currently provided by the South Canaan Companies are as follows:

<u>Name</u>	<u>Type of Carrier</u>	<u>State</u>
Stahlstown Telco, Inc.	Successor or Assign Incumbent Local Exchange Carrier	Northeastern portion Pennsylvania
Stahlstown Ldco, Inc.	Resale Interexchange Carrier	Northeastern Pennsylvania (predominantly service area of South Canaan Telephone Company)

As part of completing the consummation of the transaction, Stahlstown Telco, Inc.'s name will be changed to South Canaan Telephone Company. Similarly, Stahlstown Ldco, Inc.'s name will be changed to South Canaan Long Distance Company. *See also* fn. 1.

(5) Certification Pursuant to Rules 1.2001-1.2003

Applicants hereby certify, pursuant to 47 C.F.R. §§ 1.2001-1.2003, that to the best of their knowledge, information, and belief, no party to the Application is subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.

(6) Description of the Transaction

LHTOC and South Canaan Telephone Company ("SCTC") (as also the 100% owner of South Canaan Long Distance Company ("SCLD"))³ have entered into an agreement whereby:

- SCTC will sell all assets related to its provision of local exchange and exchange access to LHTOC;
- SCLD will sell all assets related to the provision of interexchange domestic and international resold long distance services to LHTOC;
- As part of these sale of assets, LHTOC will direct such assets related to the provision of local exchange and exchange access and the provision of interexchange domestic and international resold long distance services to Stahlstown Telco, Inc. ("STI") and Stahlstown Ldco, Inc. ("SLDI"), respectively; and

³ The South Canaan Telephone Company also holds and will transfer to LHTOC the assets of another South Canaan Telephone Company subsidiary, South Canaan Services Company, which does not provide common carrier services that are subject to Section 214 of the Communications Act of 1934, as amended. These additional assets are related to the provision of retail internet service and cable television operations.

- As part of this same transaction and pursuant to the terms of the underlying agreement, the South Canaan companies have agreed to allow STI and SLDI to use the existing names of the South Canaan Companies and thus STI will emerge from the consummation of the transaction using the name to SCTC (the new SCTC) and SLDI will emerge from the consummation of the transaction using the name SCLD (the new SCLD)

STI and SLDI were each created by LHTOC under the corporate laws of the Commonwealth of Pennsylvania for this transaction.

Thus, upon consummation of the transaction, the former local exchange customers of the original SCTC will become customers of the new SCTC, initially receiving service under the same rates, terms and conditions as are currently in force for the original SCTC. Similarly, upon consummation of the proposed transaction, the former long distance customers of the original SCLD will become customers of the new SCLD, receiving service under the same rates, terms and conditions as are currently in force for LHTOC's other long distance operations.

As described herein, there will be no lapse of service arising from the transaction as described herein. Following consummation, the original SCTC and original SCLD will wind up their respective affairs.

(7) Geographic Description

SCTC is an incumbent local exchange carrier ("ILEC") providing local exchange and exchange access service to subscribers in and around the town of South Canaan, Pennsylvania (a town of approximately 6,500 people in discrete portions of Wayne and Lackawanna Counties, Pennsylvania). SCLD operates in the same area served by the SCTC.

Wayne and Lackawanna Counties are located in the northeastern portion of Pennsylvania. SCTC operates two exchanges and has approximately 2,100 access lines . SCLD provides services to a number of customers less than those access lines served by SCTC.

As noted above, LHTOC is affiliated with two ILECs -- Yukon-Waltz Telephone Company ("YWTC") and Laurel Highland Telephone Company ("LHTC") -- and LHTC operates, in a separate division, a Competitive Local Exchange Carrier and Competitive Access Provider ("LHTC-CLEC Division"). YWTC provides local exchange and exchange access service to subscribers in and around the town of Yukon (a town of approximately 2,000 people) in discrete portions of Westmoreland County, Pennsylvania. Westmoreland County is located in the southwest portion of Pennsylvania. YWTC operates one exchange and has approximately 650 access lines. LHTC, in turn, provides local exchange and exchange access service to subscribers in and around Stahlstown and Indian Head, Pennsylvania (towns with a combined population of approximately 10,000 people) which is located in discrete portions of Westmoreland and Fayette Counties, Pennsylvania that are not contiguous to the area served by YWTC. LHTC operates two exchanges and has approximately 4,400 access lines. As described above, LHTC-CLEC Division provides competitive services in discrete portions of Fayette and Westmoreland Counties that are wholly outside the service areas of YWTC, LHTC and SCTC.

(8) Streamlined Treatment

The Application is entitled to a presumption of the applicability of the streamlined procedures pursuant to Sections 63.03(b)(2)(ii) and (iii). At the close of the transaction, all of the long distance affiliates of LHTOC will have a less than 10% share of the interstate,

interexchange market.⁴ *See* 47 C.F.R. § 63.03(b)(2). Likewise, the requirements of Section 63.03(b)(2)(iii) are met since, post consummation, the independent local exchange carrier subsidiaries of LHTOC – LHTC (4,400 estimated access lines), YWTC (650 estimated access lines) and the new SCTC (2,100 estimated access lines) – collectively serve less than 2% of the nation’s subscriber lines estimated recently to be 106,866,000 retail switched access lines as reported in Figure by the FCC in its “Local Telephone Competition: Status as of June 30, 2012” released in June of 2013. Moreover, these three entities have no overlapping service or adjacent service areas. *See* Attachment A. With respect to Section 63.03(b)(2)(ii), the current telephone company subsidiaries of LHTOC – LHTC and YWTC-- do not provide competitive telephone exchange services or exchange access services within the service area of the current SCTC nor does LHTC-CLEC Division provide services in the service area of the current SCTC. *See* 47 C.F.R. § 63.03(b)(2)(ii). LHTC and LHTC-CLEC Division provide these services solely within their respective service areas and YWTC provides these services solely within its service area. Moreover, neither Laurel Highland Long Distance Company (“Laurel Highland – LD”) nor Yukon Waltz Communications, Inc. provide telephone exchange service or exchange access. *See id.* Thus, the presumptive streamlining of the instant Application is proper under Section 63.03(b)(2) of the Commission’s Rules.

(9) Other Related Applications Before the Commission

The Applicants soon will be filing an application for the assignment of the International Section 214 authorization of South Canaan Telephone Company, File No. ITC-214-20010719-00386.

⁴ As noted herein, LHTOC is a holding company, which does not itself provide telecommunications services at any location. Thus, the assignee is a non-telecommunications provider. *See* 47 C.F.R. §63.03(b)(1)(ii).

(10) Statement of Imminent Business Failure

Not applicable.

(11) Separately Filed Waiver Requests

None.

(12) Public Interest Statement

Prompt grant of this Application will allow LHTOC and its operating telecommunications carriers to take advantage of increased efficiencies that will be realized from broader-based rural operations associated with it and its affiliated ILECs' operations while, at the same time, ensuring that the LHTOC's existing corporate commitment to having its telecommunications carrier operations provide high-quality, reasonably priced rural telecommunications services in Pennsylvania is advanced post-consummation, through the operations of the new SCTC and SCLD. Applicants respectfully submit that this result can be accomplished in a manner that raises no competitive concerns that should delay Commission approval of the transaction. Upon consummation of the transaction, the new SCTC and new SCLD will continue to provide high-quality, modern local exchange, exchange access, and long distance services to the current customers of the South Canaan Companies. Customers will receive the same tariffed services at the same prices. Moreover, because the contemplated transaction will not result in any service interruption, the transaction will be virtually transparent to the affected customers. Accordingly, the Applicants respectfully submit that the public interest would be served by a grant of this requested transfer of control.

CONCLUSION

For the foregoing reasons, Applicants respectfully request that the Commission promptly grant this Application.

Respectfully Submitted,

**South Canaan Telephone Company and
South Canaan Long Distance Company**
